SENIOR CLASS HISTORY

We, the Senior Class of 1951, entered Pearce Union High School as Freshmen in September 1947. It has been a long and hard road to follow, but many have struggled onward and upward to reach the standard to which they were aiming.

When we entered high school, there were 22 freshmen with stomaches stout to see it out, but through the years we have now come to the end of our High School career with a mere 13. We have gained in knowledge, but we have lost in classmates.

We have participated in assemblies, plays, volleyball and basketball games, school picnics, and many other activities which have helped us to get along better with one another. All in all, the Senior Class has enjoyed a very wonderful four years of high school life.

When we saw our first two years come and go in the old P. U. H. S. building, we had many things to look forward to. One of these things was the New High School, which is now called Valley Union High School. We are very proud to be the first students to carry the symbol V on our class rings, rings we shall cherish forever.

We are now about to ring down the curtain on a four act play, with each act a year long. We have been prepared in-between acts to start the new and coming act, hoping to become better educated. The last act is almost over. We are now preparing for the last scene, the one in which many people shall see us taking our place as the future men and women of our country.

JUNIOR CLASS HISTORY

We, the Junior Class of 1951, have experienced a very successful school year, one which brought us much nearer to the end of our high school career.

We have participated in basketball, volleyball, football, and many other sports. Also, we have taken part in the Dramatics Club Play, and at the end of the school year we will give the Junior-Senior Prom. We also have ordered class rings. To our sorrow, but to our advantage, we have spent much time on studying.

As we have participated in practically all activities, we realize that as we become upper-classmen, many responsibilities fall into our hands. Most of us will accept these responsibilities willingly and are all planning to make our senior year of high school a more successful one than our Junior year.

SOPHOMORE CLASS HISTORY

The Sophomore Class has had a lot of fun during our past two years at Valley High. We have one new student in our class this year, and no students have left.

Most of the boys have either been playing in basketball or football. J. W. McKean was elected captain of the basketball team. The girls have been doing very well in volleyball this year. Bell Mitchell was elected captain of the team. We wish all the students of the sophomore class lots of luck in their future years to come.

FRESHMAN CLASS HISTORY

1950-51 has been a busy year for the Freshmen class. Our initiation lasted two days, and we were very thankful when it was over. The Seniors gave us a party after the initiation, which we appreciated very much.

Several of our class members were on the football team. They were Richard Bradley, David Harrison, Dean Stephenson, and Don Lamb. Other freshmen were also on the Jr. Varsity basketball team.

We were very sorry to lose David Harrison, who moved to Ajo, and Dean Stephenson, who moved to Texas.

We are looking forward to 1952 when we will be Sophomores.

EIGHTH GRADE

We, the Eighth Grade, are about to step out into a more fascinating world. We are anticipating this thrilling venture with honor, hoping to become good high school students.

We are moving out of the world of wiggles and giggles into a more serious world.

SEVENTH GRADE

The Seventh grade boys and girls have been working - - er - - well, we have enjoyed ourselves; all the way from working, to putting thumbtacks in the teacher's chair. Most of us hope to see you next year as full fledged eighth graders.

Class Will

We, the Senior class of 1951, do hereby make our last Will and Testament:

I, Jim Amalong, will my tallness to Howard Gardner.

I, Ruth Carper, will my ability to catch a boy friend to Mary Amalong.

I, Pauline Nelson, will my blond hair to Peggy Morris.

I, Glena Gardner, will my ability to keep my locker (school trash can) clean to Betty Burton.

I, Virginia Troglia, will my cheerleading position to Vernette Kambitsch.

I, Ester McGinty, will my shoes to Donna Mae Harris since everyone thinks I am an Okie.

I, Bill Blevins, will my ability to be teacher's pet to Jackie Koontz and Lloyd Mortenson.

I, Ed Cathcart, will my smartness to Robert Clear and my number 12 shoes to Bruce Patterson.

I, Ed Stephenson, will my worn out drawers to Jim Brown and basketball suspenders to Junior Hedges.

I, James Marble, will my ability to stay out of trouble to James Kambitsch and my whiskers to anyone who thinks he will look good in them.

I, Walter Mortenson, will my ability to get rescued from algebra to Don Lamb.

I, Bruce Neagle, will my hook shots in basketball to Junior Hedges.

Trans. from Willcox 2

Dear Thelma N.,

Ten years ago you asked me to write you a letter giving you the "low-down" on all the old gang. Well, I am a little late, but Wallace and Ruth Jr. certainly keep me busy.

Well, whom do you think I ran into yesterday? None other than Bill Blevins! You remember him, the guy who used to do so well in bookkeeping. Well, he and Donna Harris are married, and are doing splendidly on their cattle ranch in Elfrida.

While I was talking to Bill, who should walk up but Ed Cathcart, who is coaching at Valley Union High School. (I hear he screams and yells at referees just as former coaches have done.) Ed is unmarried, but, from what I gather, is a most eligible bachelor.

Oh, say, you remember Virginia Troglia? Well, she was quite the dental nurse—for awhile. She was known far and wide for her ability to soothe pain. (I hear she either gave the victim whiskey or a left-hook.) But only two weeks ago I attended her wedding to Martin Mortenson. After eight years of going together off and on, they finally decided to tie the knot—Thank Heaven! At the reception, whom should I see but Ester McGinty, who has become quite a career girl. From what I gathered, she's a very competent secretary. Hsst! . . . (**I also hear she's after her boss.**)

You probably already know that Pauline and Ed got married too. Poor Ed! She really leads him around by the nose. And remember how she used to talk up that fifty-fifty business?

But I do have some more news for you. I was listening to my favorite radio station when I heard Ed's voice. Here are his exact words: "Why pay anywhere from ten to twelve dollars for rings, when you can have a beautiful set, absolutely free! Just pay the postman $2.98, plus postage. There's a limited supply; so send your post card right away to Clint—that's Clint—C-L-I-N-T, Texas." Well, I guess he has to let off steam somehow; all he says at home is "Yes, dear." And that in a very meek squeak.

Anyway, I hope Bruce N. hears Ed's advertisement. Bruce is on his way to Texas, you know, where he will marry Donnalee N., his old-time girl friend. Those rings would come in mighty handy! Seems as though Bruce could never quite get her out of his system.

I know you remember Glena G. Well, she starred in a movie I saw recently. Its' title was, **Tom Mix'n Cement.** She surely makes a good cow-girl. She sang one song that really knocked me over. In fact, I had to be carried from the theater.

While leaving, whom should I see but James M. and what do you think? James has become a mortician. Can you imagine! And I hear his flowers and wreaths are simply a must. I asked him about Jim A., and he told me that Jim is now owner of the Plantation Bar. It seems that Jim has quite a "bay-window," but is advancing in the business world with tremendous speed.

As for Walter M., I hear he purchased a huge plantation in Oklahoma and is making "hand over foot." Folks don't see much of him lately; since he has gone barefoot for so long that he can't wear shoes.

Well, Thelma, that about finishes the "doings" of our gang, and I simply must get back to those kids before they tear the house apart.

Good-by,

Ruth Thompson

Dear Miss Ridgeway:

I have certainly enjoyed having you for a typing teacher this year. I'm going to miss you next year even though I probably wouldn't take any subjects under you. Your 6th period typing class gave you a lot of misery, but I'm sure the others appreciate all you've done as much as I do. I've improved my typing this year quite a bit, although I'm not as good as I should be. Thanks ever so much.

Una Fay Cathcart

next. Hoping you all
